EVERPLANS' SECURITY FRAMEWORK

Everplans approaches security using the following framework:

- Securing your data at rest
- Securing your data in transit
- Operational procedures to keep the site secure
- Strict limitations around administrative access to your information
- Two-factor authentication for end users

STEPS TO SAFEGUARD YOUR INFORMATION

You can assign delegates to any of the sections of your profile so they have access to your information when needed, now or later. Customize which of your loved ones have access to which sections, ensuring your information goes to those who need it most.

Everplans takes careful, consistent precautions to keep your information secure. They regularly audit their environments and code for any security issues, and maintain strict internal procedures that allow their employees and administrators to view a limited set of your data should they help you access your account.

Let's plan for your family's future, together, with Everplans.
